## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 42 and 43 are rejected under 35 U.S.C. 102(b) as being anticipated by Ohtake 5,099,969.

Ohtake discloses a method operating a motor vehicle with an electronically controlled automatic clutch device, at least control device, and at least one data storage device for storing information comprising data values of operating quantities, data values operating parameters, data values of adaptive parameters, and check values, wherein at least one of the data values is subjected to the steps of storing the data value as a storage device; storing at least one check value for the data value as a storage value in the data storage device; wherein the at least one check value serves to verify whether the data value was entered correctly and wherein a predetermined checking characteristic is used for a verification (Column 9 lines 40-66); wherein at least part of the data values are values of operating parameters used for controlling the motor vehicle (Column 2 lines 3-29); wherein the a step comprises reading the data value from the control device (Column 2 lines 22-29); wherein the control device is reset at prescribed points in time (Column 5 lines 22-35); wherein the resetting takes place when the control device

Art Unit: 3663

receives one of an "ignition on" signal and a "wake up" signal (Column 7 line 62 through Column 8 line 25).

***Allowable Subject Matter***

Claims 4-41 and 44-105 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 106-131 are allowed.
